4C LEADERSHIP: COMMUNICATION, COOPERATION, COMMITMENT, AND CHANGE

ROOM:CHURCH ISLAND

Dr. Alan Zimmerman

Leadership has little or nothing to do with your title or your position. But it has everything to do with your ability to influence and bring out the best in others. And it doesn't matter if you're a senior executive, manager, supervisor, team leader, individual contributor, or even a parent. If you influence other people in any way, you are a leader.

The question is: are you as effective as you'd like to be? Are you getting the results you want with other people?

With 4C Leadership, you will! You will develop an emotionally intelligent take-charge attitude that shows respect and builds trust. You will turn on the other person's motivation and cooperation. You will deploy the communication skills that engage others, inspire peak performance, and encourage positive change. And you will extinguish any lingering negativity in the workplace.
